Preliminary	Round 1	Semi	Final	Winner

Play as many preliminary rounds as necessary to get numbers down to 8
For example -
If 10 players turn up players drawn 1 & 2 play each other for 1st spot in Round 1, 3 & 4 play each other for 2nd spot in Round 1, 5 to 10 go straight to Round 1
If there is an odd number - player drawn 1 goes straight through to next round, payers drawn 2 & 3 play each other for next spot, 4 & 5, etc…..
